

**Teacher of IB MYP EAL Support in Secondary School (Short term)
part-time/0.38 FTE (Ref. Code 2026-028)**

Position Summary:

Teacher to support EAL students until January 22, 2027

Responsibilities:

- Deliver 1-1 English instruction focused on phonics and basic vocabulary, with emphasis on BICS
- Model and practice oral communication through targeted activities to build basic auditory processing and speaking confidence
- Adapt grade-level MYP text and materials for an A1 proficiency using sentence frames, graphic organisers, flash cards, translation tools, etc.
- Track student progress against MYP language phases and WIDA/CEFR standards
- Plan and prepare IB lessons and units in close collaboration with colleagues
- Record and share with pupils and parents assessment data at regular intervals
- Communicate and meet with parents
- Ensure that the individual learning needs of all pupils are met
- Collaborate with colleagues from within and outside of the department
- Be available to teaching at various times in a 2-week timetable

Qualifications:

Applicants must have a certificate of education in English as a subject and teaching qualifications. This includes at least three years experience in teaching EAL and English as a subject. Recent experience teaching the IB MYP is desired.

We are seeking applicants who have the qualities to work with students one-on-one. They must be organized and be able to monitor and track progress while at the same time possess the disposition to support middle school students who are learning English as an Additional Language.

Terms of Employment:

- Starting date is October 26
- The position is limited until 22 January 2027
- The position is a part-time position (0.38 FTE)
- Teacher Scale

Interested applicants should send a letter of interest with a current CV indicating the above-mentioned position including reference code to HR@ishamburg.org by 16.10.2026.

Candidates are encouraged to apply as soon as possible. ISH reserves to end the search early if an outstanding candidate is identified.
